SUMMARY

Motivated Software Developer with experience in software development, front-end development, UI/UX design, and quality assurance testing. Skilled in building responsive applications and user-centered solutions using C#, React Native, and modern web technologies. Eager to contribute technical expertise, problem-solving abilities, and creativity while continuously learning and growing in a professional development environment.

PROJECT & EXPERIENCE

WisEnergy — IoT + AI Energy Monitoring System

Apr 2025 - Nov 2025

UI/UX Designer

- Conducted basic user testing to improve layout clarity and ensure smooth user navigation.
- Designed mobile app screens using Figma and Canvas to create clear and easy-to-use interfaces.
- Utilized **Figma** and **Canva** to enhance visual consistency and achieve a more modern, userfriendly design.

Lifewood Website

Mar 2026 - April 2026

Full-Stack Developer

- Developed a responsive web application using TypeScript, React, HTML, CSS, and Supabase.
- Built AI-powered features, including automated CV scoring and candidate summary generation to assist recruitment screening.
- Integrated backend functionalities such as database management, authentication, and applicant data handling using Supabase.

Software Tester/ Quality Assurance

Aug 2025 - Nov 2025

Unit & Integration Testing

- Used **Jest** to test components and logic.
- Utilized **Selenium** for automated browser testing to ensure UI functions and user flows worked correctly.
- Created unit tests to verify each function works as expected.
- Performed integration testing to ensure modules work together without errors.

EDUCATION

**UNIVERSITY OF CEBU LAPU-LAPU & MANDAUE
Technology**

June 2022 - Present Bachelor of Science in Information

Graduation: June 16 2026

SKILLS

- Figma – UI/UX Design
- Software Developer
- Database Management
- Front End Developer
- Programming
- Web Developer
- Unit & Integration Testing
- Video Editing

ADDITIONAL INFORMATION

AWARDS / ACTIVITIES

- Consistent Dean's Lister in College
- Tech Talk: Database Programming 2025 UCLM
- Web Designer Certificate (HTML, CSS, JavaScript)
